¹ Must be installed by an approved QCN member/approved builder and meet TVA Standards effective on installation date. All upgrades eligible for Single-Family Rebate are eligible for program Financing.

² A Multi-family Dwelling is a building that contains three or more Dwellings.

³ Rebates are limited to upgrades that maintain the existing primary heating fuel type or are installed in a newly finished area of the home (e.g. bonus room, addition, sunroom).

⁴ Must replace existing Central Air Conditioning unit(s).

⁵ One HVAC tune-up per system per year, electric system only.

⁶ Must be existing or replacement HVAC system.
